

ENVIRONMENTAL POLICY

Environmental Policy of EuroCeras Sp. z o.o., a European manufacturer of waxes and wax blends, is based on the principle of sustainable development. The company constantly improves its productivity and is modernizing its machinery, producing more goods. The company also takes into account the impact of its activities on the environment.

The Environmental Policy of EuroCeras Sp. z o.o. includes:

- optimization of media consumption indicators and raw materials
- optimization of waste management
- conscious and continuous effort to reduce the environmental impact of the company activities, while simultaneously increasing its production potential and maximizing the use of pro-ecological solutions.
- increasing the awareness of all employees through training and skills development.
- establishment, implementation and continuous improvement of the system based on the guidelines of the PN-EN ISO 14 001 and cooperation in this field with the parent company - KEIM-Additec Surface GmbH, which has the certified ISO 14 001 system.
- prevention of industrial accidents and monitoring the impact on the environment.
- developing good relations with local authorities and improvement of the image of the Company.

EuroCeras Sp. z o.o. is committed to comply with the legal provisions on environmental protection and other regulations that relate to the Company and declares continuous improvement of the Environmental Management System and the prevention of pollution.

The Environmental Policy is available and promoted to all EuroCeras Sp. z o.o. employees and is communicated to all interested parties, especially suppliers and customers.

The President of EuroCeras Sp. z o.o.

H. Keim
